41st Annual Meeting

German Pancreas Club

Lübeck, Germany | January 28 - 30, 2021

www.dpc-conference.org

Foto: Kim Honselmann

Greetings

Ladies and Gentlemen,

It is a great pleasure for us to invite you to the 41st Annual Meeting of the German Pancreas Club in Lübeck in 2021!

Pancreatology in Germany enjoys steady progress in all areas: from experimental basic science, translation and biostatistics, clinical practice in gastroenterology, oncology and surgery to quality assurance.

A particular challenge, but also a great potential, is the networking and cooperation of specialists from all sub-areas. We would like to meet this requirement with a very diverse and interesting program.

For the young scientists among us, a science slam with clinical case demonstrations and presentations of experimental methods is planned. Furthermore, workshops on the molecular tumor board in pancreatic cancer and on robotic pancreatic surgery will be offered.

Last but not least, the traditional Hanseatic City of Lübeck with its modern university hospital will provide an appropriate stage for our conference. We look forward to your contributions and inspiring discussions.

With kind regards,

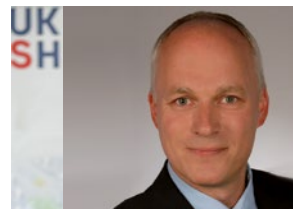

Ulrich Wellner
Congress President

Abstracts and Registration

Abstracts

Authors are invited to submit an abstract (talk or poster). The conference topics are listed below. A template will be available online. Each submission will be peer-reviewed and, if accepted, published in an online open-access proceedings.

Due to the expected high number of foreign scientists, the conference will be held in English. Submission deadline is October 1, 2020.

→ www.dpc-conference.org/abstracts

Conference Topics

- Pancreatic cancer - experimental and clinical
- Pancreatitis - acute and chronic
- Pancreatic surgery - minimally invasive and conventional
- Endoscopy and ultrasound
- Endocrine pancreas - diabetes mellitus, islet cells
- Pancreatic neuroendocrine neoplasms (pNEN)
- Pancreas - development and stem cells
- Cystic neoplasia of the pancreas
- Registries, biobanking, epidemiology and biostatistics in pancreatology
- Clinical studies in pancreatology - concepts, ongoing studies and results
- Pancreatology worldwide
- Science slam - clinical case presentations
- Science slam - experimental and biostatistical methods in pancreatology

Awards and Travel Grants

The German Pancreas Club e.V. awards prizes for outstanding scientific work to honour and promote our young scientists. To be considered for travel grants and awards, a complete abstract must be submitted.

Several awards, including the Abraham Vater Prize for clinical pancreas research, worth 500 Euro, travel grants each worth 200 Euro and poster prizes are offered. For more details please see:

→ www.dpc-conference.org/awards

Registration

Please register online for the conference and the workshops. The workshop capacities are limited. Authors of accepted abstracts need to be registered by November 5, 2020. Early registration fee is available until October 31, 2020.
